

**Adjudicatory Board for Major Ports
Launches Official Government Website at abmp.gov.in**

Mumbai, June 18, 2026

The Adjudicatory Board for Major Ports (ABMP), constituted by the Central Government under the Major Port Authorities Act, 2021, has launched its official Government domain based website at <https://abmp.gov.in>, marking a significant step towards strengthening digital governance, transparency and public access to information relating to the functioning of the Board.

Hon'ble Justice A. J. Desai, Presiding Officer, Adjudicatory Board for Major Ports, launched the official Government domain based website of the Board, <https://abmp.gov.in>, on **18 June 2026** in the presence of **Shri Chirravuri Viswanath, Member, and Dr. Sanjeev Ranjan, Member, ABMP**.

The newly launched website has been hosted on secure cloud infrastructure provided by a MeitY empanelled Cloud Service Provider, and is accessible through the official Government domain **abmp.gov.in**. The initiative has been undertaken in compliance with the Government of India's digital infrastructure and cloud hosting guidelines.

The website provides comprehensive information relating to the constitution, powers and functions of the Adjudicatory Board for Major Ports. It also serves as a platform for dissemination of information regarding Board Members, legal provisions, hearing schedules, orders, judgments, notices, circulars and other important developments concerning the Board.

The launch of the official Government website is expected to facilitate greater accessibility for stakeholders, including Major Port Authorities, concessionaires, port users, Government agencies and the general public, by providing a reliable and secure source of information relating to the Board's activities and decisions.

Stakeholders are advised to use <https://abmp.gov.in> as the official website of the Adjudicatory Board for Major Ports for all future references and information.
